A procedure for the operation of the Trial board was made. By Wednesday of the week following a red card incident, the referee's reports (both referees) and both managers reports should be sent to the president; in turn he will assign a trial board member to head the investigation. By the following Wednesday, the report will be completed and the team managers will be notified.

A Letter of reprimand will be written and sent to the managers responsible for the incident on 1/10/10 at Edgar field. Each manager is to be held responsible for his teams' actions as well as those of his teams' supporters.

A note of commendation was given to Bob Walker for his tireless efforts on maintaining our outstanding leagues Website.

Under the rules of competition for our league it has been decided to allow no team to forfeit more than six games per season. Any team forfeiting more than six games will be subject to disciplinary action by the league.

There will be three rounds of games for this season pending field availability.
